

# Declaration of Commitment to Sustainable Development CHU

is committed to the following sustainable development principles and actions:

## Global goals

Embrace the United Nations Sustainable Development Goals (SDGs) as a framework to consider social, economic and environmental outcomes in all policies and decisions.

## Net Zero

Acknowledge the need to achieve a net-zero economy.

## Triple bottom line

Acknowledge that transitioning to a sustainable future for everyone, requires a focus on parallel impacts for economy, society and environment.

## Diversity

Value diversity, recognising that it is a strength that gives resilience to communities, systems and organisations.

## Urgency

Commit to setting ambitious timelines that urge immediate action and supporting the sector's already rapidly accelerating progress towards a sustainable future.

## Leadership

Nurture leaders and upskill staff to be equipped to participate in a fair, inclusive, and equitable transition to a sustainable future.

## Education

Commit to educating and supporting ourselves, staff, customers and suppliers to better understand and advance sustainable development.

## Collaboration

Acknowledge that government, business and society all play a critical role working together to solve these problems, and commit to openly sharing knowledge and ideas.

## Accountability

Be ethical and transparent in all actions through benchmarking performance, measuring results and publishing data-driven evidence of progress
